28,000 Square Feet

Vantage Builders completed a 28,000-square-foot temple located at 168 Flanders Road in Westborough, Mass. The temple, known as Gurdwara Sahib, is the principal place of worship for the New England Sikh community. The visual focal point of the temple is its traditional golden dome, which was built in and shipped from India. Upon entering, visitors are welcomed in the beautiful rotunda, set with intricate custom tiling. The facility has more than 50 rooms, including eight classrooms, four meeting rooms, offices, a library, dining area and the residences of the community leader. The temple is located on a beautiful, 37-acre, wooded site. Vantage did significant site work, including new landscaping, grading, creating a parking lot and installing a storm water retention system
