

Strategic Spaces

280 Summer Street, Boston, MA
8,000 Square Feet

Vantage Builders completed the renovation of Strategic Spaces new, expanded headquarters at 280 Summer St. in Boston's Seaport District. The commercial furniture and custom prefab solution provider relocated to the Seaport District from 40 Broad St., almost doubling its office size to approximately 7,000 square feet. Vantage did a complete fit-out of the first-floor location. One of the first steps was to infill a pre-existing spiral staircase, which had left a 5' x 8' hole, with a new metal deck and concrete. The project included the installation of new HVAC and electrical systems. The Client Experience Center has four private offices, three huddle rooms, one large conference room and a state of the art atrium space that is encompassed by a DIRTT Timber frame canopy.
