

Cleanrooms

Vantage Builders has been involved in cleanroom construction in a variety of industries, including pharmaceutical, laboratory, university/research and manufacturing. Weve built cleanrooms for companies that needed to maintain industry practices, adhere to government regulations or meet their own exacting internal standard operating procedures. We focus primarily on ISO 6 and above, where our experience and knowledge are deepest. Our background in the area will ensure the successful build of your cleanroom, with an eye on timeline and costs. We offer a wide variety of services for cleanroom construction: Design/build or modular cleanroom construction Gowning rooms and ante rooms Ventilation and pressurization systems HEPA and ULPA filter installation HVAC and other building systems Specialized lighting Cleanroom-friendly walls, flooring and ceilings
